SHELVING

POLYLBRITE features a true powder-epoxy over zinc-chromate electro-plating that ensure a strong durable finish that resembles the brilliance of chrome, yet handles temperature and moisture extremes even better

CHROME is electro plated nickel-chrome resulting in a brilliant high gloss finish. It is a quality finish that is both hard and durable with a high tech look at an economical price

NEXELON is the top of the line finish. We are so confindent about the quality of this revolutionary finish. That it comes with a lifetime WARRANTY against rust formation. Replace stainless steel with NEXELON to increase the life of your storage system and reduce it's cost. NEXELON is create by a multi-step proprietary process to become a part of the metal structure. Chemical, asid, abrasion and corrosion resistant. The final layer of 100% pure powder epoxy creates a lustrous deep blue metalic finish. Use throughout facility. Handles all environmental conditions.
